Key developments in 2023

The CEO, Vlad Suglobov, presents and summarizes the company's performance in the CEO statement on pages 5-6 in the annual report 2023.

The Company's remuneration guidelines: scope, purpose and deviations

G5's vision entails that the Company shall be "one of few" in the mobile gaming space. To achieve this, G5 focuses on developing competitive mobile games for its target audience and through efficient marketing efforts promoting them to the same. As the company's most valuable resource is its employees, a strong employee focus is a foundation for achieving the vision of the group. Achieving the vision requires that G5 Entertainment can offer competitive compensation. The guidelines ensure that senior executives can be offered a competitive total compensation package.

Under the remuneration guidelines, executive remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration, pension benefits and other benefits. The variable cash remuneration

shall be linked to financial criteria consistent of a combination of Revenue growth and profitability. There may also be individualized, quantitative or qualitative objectives for short term cash incentive, for the year there has not been individualized targets but only financial objectives. The criteria have been designed to contribute to the company's business strategy and long-term interests.

The guidelines are found on pages 27-28 in the annual report 2023. The remuneration guidelines, adopted unanimously by the annual general meeting 2023, have been fully implemented. No deviations from the guidelines have been decided and no derogations from the procedure for implementation of the guidelines have been made. The auditor's report regarding the company's compliance with the guidelines is available on www.corporate.g5.com/governance. No remuneration has been reclaimed. In addition to remuneration covered by the remuneration guidelines, the annual general meetings of the company have resolved to implement long-term share-related incentive plans.

Remuneration to key management

The performance measures for the variable remuneration have been selected to deliver the company's strategy and to encourage behavior which is in the long-term interest of the company. In the selection of performance measures, the strategic objectives and short-term and long-term business priorities for 2023 have been taken into account. The guidelines for variable remuneration adopted at the annual general meeting allow a mix of financial and discretionary targets. For the year 2023, only financial targets have been used. Financial targets are based on growth and operating margin for the group. A target range for each parameter is set and a sum of normalized results are defined for both parameters. The sum of the results defines the outcome.
