

## **G5 Entertainment Announces the Release of Pirates & Pearls on iOS**

G5 Entertainment is releasing its new game Pirates & Pearls, which will be available worldwide in the Apple App Store on August 29th, 2017. The game is expanding G5's portfolio with a fresh take on the popular "Match-3" genre, where players move and match gems on a board to complete a level. Pirates & Pearls is wholly owned by G5, with all development completed internally. From the initial release, the game will support both the iPad and iPhone as well as portrait and landscape play modes. As all newly developed G5 games, Pirates & Pearls will have the G5 Friends network built in making it possible to play with your friends.

To download the game from the App Store you can follow the link below:
